

## The Cody Slipper

This basic slipper is knit with any chunky yarn. It is an easy and quick pattern that will make the kid of any age (including my 30 year old brother, Cody) want to throw them on and find the nearest tile to slide around.

### Tools:

Needles: Size 9

Yarn: 1-2 skeins of Lion Brand chunky yarn. (The acrylic in this case actually holds up better and is easily thrown in the washer when they get stinky.)

Measuring tape

### Instructions:

Row: Cast on 36 stitches. (This is for an adult-sized slipper. If you want a kid's slipper, adjust the cast on and formula.) Knit until the piece is 4.5 inches wide.

Row: Cast off 8 stitches, knit to the end of the row. You will now have 28 stitches.

Row: Cast off 8 stitches, knit to the end of the row. You will now have 20 stitches. Continue knitting until piece is the appropriate number of inches tall. Use [this guide](#) to determine the number of inches for the corresponding shoe size:

When knitting slippers for Cody, I knit 11 inches. Then:

Row: Knit every two stitches together, leaving 10 stitches

Row: Knit

Row: Knit first two stitches together, knit 6, knit last two stitches together. You will now have 8 stitches.

Row: Knit 1, Purl 1 for entire row. Repeat for 5 rows.

Leaving a 12 inch tail of yarn, cut your yarn and using a darning needle pull remaining stitches on tail. Pull, The stitches will come together to form the toe of the slipper. Fold remaining slipper in half and sew using a mattress stitch up the middle of the slipper until desired hole is created for foot.

Repeat for second slipper. Pom poms optional!
